## Learning Objectives

At the conclusion of this activity, the participant will be able to:

- Apply updated knowledge of treatment goals for lipid control, risks and benefits of biologic therapy for rheumatoid arthritis, syncope, and breast cancer screening to clinical practice.
- Increase confidence in performing skin biopsy techniques, arthrocentesis and joint injections, pelvic examinations, and sports medicine exams.
- Understand political advocacy and reform.

## CME Accreditation

The American College of Physicians is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The American College of Physicians designates this educational activity for a maximum of **11.25 AMA PRA Category 1 Credit(s)<sup>™</sup>**. Physicians should only claim credit commensurate with the extent of their participation in the activity.

## How Do I Receive My CME Documentation?

To obtain CME credit for this meeting, obtain a CME Documentation Form at the registration desk. In order to record your participation in this CME activity, you must fill in the required information and turn in the white copy of the CME Documentation Form to the registration desk. The yellow copy is your proof of CME credit and no further documentation will be provided.

## Your Opinion Counts

At the conclusion of the meeting, please take a moment to complete the meeting survey form and verification of attendance form in your packet and return it to the registration desk. We value your opinion and use the surveys in planning future meetings.

## Laureate Award

It is with distinct pleasure that the Arizona Chapter honors physicians of Arizona. Laureate Award winners are long-standing and loyal supporters of the College, have rendered distinguished service to their chapters and community, and have upheld the high ideals and professional standards for which the College is known. The award will be presented during the Awards Banquet on Saturday, October 4, 2008.

## Chapter Excellence Award

We are pleased to announce that our chapter is in receipt of the 2007 Chapter Excellence Award. The Chapter Excellence Award recognizes those chapters that excel in reaching the standards for managing a chapter, such as communicating to members, instituting Medical Students' and

Associates' activities and advancing and recruiting members. A Chapter Excellence certificate will be awarded to the chapter by the College Representative.

## Associates' Activities and Events

Posters, clinical vignettes, and research papers prepared by Associates will be presented at our meeting. Medical students have also been invited to submit entries. Winners will be eligible for entrance into a national competition and awards will be presented on Sunday.

## Pathways to Fellowship

Attendance at chapter meetings can help all ACP members meet the qualifications for advancement to Fellowship. It is especially important for those applying under the pathway that calls for 5 years of activity as a member.

## ACP's Recruit-a-Colleague Program

### Help strengthen the voice of internal medicine—recommend ACP Membership to your colleagues!

The need for a strong voice to speak on behalf of medicine and, in particular, internal medicine has never been greater than it is today. It is critically important that we unify to address the specific needs of our medical specialty. There are advocacy efforts to champion, practice management issues to simplify, and a time-honored profession to foster. We must work together.

### To thank you for your time and effort, we have established a rewards program.

Between now and April 1, 2009, if you recruit:

- One of your colleagues, you will receive a \$100 credit toward your 2009-10 national annual dues.
- Two of your colleagues, you will receive an additional \$100 credit toward your 2009-10 national annual dues.
- Three of your colleagues, your 2009-10 national annual dues will be paid in full\*.

But wait, there's more. For every Member recruited within the promotional period, you will receive an entry into a grand-prize drawing for **a trip to Internal Medicine 2010 in Toronto, Canada** that includes registration, airfare (up to \$500), and four days of hotel accommodations. So, the more Members you recruit, the greater your chances are at winning the grand prize.

### To be considered a "recruited" Member, your colleague must:

- Be a nonmember who is eligible for the "full" ACP Member category and pay \$99 or more in dues.
- Submit a Membership application, along with his or her annual dues payment, between April 1, 2008 and March 31, 2009.
- Write **your name** in the **recruiter box** on the top of the Membership application\*\*.

Visit [www.acponline.org/recruitacolleague](http://www.acponline.org/recruitacolleague) to send a recruitment e-mail to a colleague today, or to download and print a Membership application to personally deliver. You may also request a Membership Inquiry Kit from Customer Service at 800-523-1546, ext. 2600, (M – F, 9 am – 5 pm ET).

**It is the collective effort that makes a difference. Call on the support of your colleagues today.**

---

\*Please note that total dues credits earned in one yearly period cannot be greater than the amount of any recruiter's national annual dues. For example, if an Associate recruits one "full" Member, national annual dues are paid in full (\$99), and no additional dues credits can be earned.

\*\* You can also receive credit for recruiting former Members. If a former Member calls Customer Service for reinstatement, be sure to ask that you are mentioned as a recruiter.
