Internal Medicine Board Review Course
Winner of the 2004 National ACP Evergreen Award

Special Features

- **20 hours** of focused coverage of various fields of Internal Medicine
- High yield review “pearls”
- Case-based questions
- Weekend Course—minimal interference with your duties
- **Nominal Fee**: $240: two days, $120: one day
- Continental breakfast and lunch included
- Hard-copy downloads of most material available
- Affordable local hotels—For hotels in the area, go to hotels.com or any other hotel booking website and type in the address of the venue (340 Cajon St., Redlands, CA), and you will receive suggestions for hotels in the area.
- **If you are coming from out of town**, you could fly in Friday evening and leave Sunday evening. The course location is about 20 to 30 minutes from the Ontario, CA airport.

Program Goal:
To enhance your knowledge in Internal (Adult) Medicine and prepare you for the ABIM and/or the ACP In-Training Examinations

Objectives:
After this program you should be able to:

- Recognize the appropriate diagnosis and management of many of the clinical cases that are likely to be seen in practice and appear on the ABIM and the ACP in-training Exams
- Enhance your knowledge in Internal Medicine

Target Audience:

- Internal Medicine residents, fellows and attending physicians who are interested in a focused review of Internal Medicine in preparation for taking American Board of Internal Medicine (ABIM) certifying or re-certifying exam or the ACP in-training exam
- Primary care physicians and providers who are interested in a focused review of Internal Medicine
- Medical students who are interested in a focused IM review or going to take Part II of the National Boards Exam

NOTE: Sorry, No CME or MOC Credits For This Course
