

Patient Safety and Quality Improvement

Poster Number: _____:

Name of Presenter:

Title of Abstract:

Name of Judge:

RATIONALE **Total possible points: 5**

1 2 3 4 5

What is the rationale for the project development, and upon what evidence is any intervention based?

METHODOLOGY **Total possible points: 25**

Interventions

1 2 3 4 5 6 7 8 9 10

Is it specified clearly what was done or administered? Was a control group utilized?

Measurements

1 2 3 4 5 6 7 8 9 10 11 12 13 14 15

Are methods adequately described, technically valid? Are appropriate measurements used? Is data germane to hypothesis?

RESULTS **Total possible points: 25**

Reporting

1 2 3 4 5 6 7 8 9 10

Are results reported clearly? Are differences significant?

Tables and Figures

1 2 3 4 5 6 7 8 9 10

Are tables or figures labeled appropriately and make sense?

Making a difference

1 2 3 4 5

Do results demonstrate adherence to the intervention?

Total points page 1: _____

CONCLUSIONS **Total possible points: 25**

Discussion

1 2 3 4 5 6 7 8 9 10

Are the results discussed within the backdrop of previous literature? Are appropriate references cited?

Limitations

1 2 3 4 5

Do the authors present one or more limitations of their intervention and/or methodology?

Conclusions

1 2 3 4 5 6 7 8 9 10

Are conclusions supported by data? Do they avoid over-generalization? Do conclusions address hypothesis?

PRESENTATION **Total Possible Points: 20**

Organization

1 2 3 4 5

Is presentation clear, concise, grammatically structured?

Audiovisual aids

1 2 3 4 5

Are figures and tables simple, compact, self-explanatory? Are graphics effective?

Questions

1 2 3 4 5

Does the presenter exhibit knowledge of the subject matter?

Within Time Limit

1 2 3 4 5

Total points page 2: _____
