

VIGNETTE

Maertins	Benjamin	I.V. Amphetamine induced bullous emphysema masking an underlying tension pneumothorax
Karnam	Showri	Amiodarone induced alveolar hemorrhage
Sama	Ashwin	Lupus anticoagulant confusing the clinical picture in a bleeding patient
Martin	Karrie	Rare presentation of acute severe hypophosphatemia in IgG kappa
Chaudhary	Sanjay	A case of Austrian syndrome
Sova	Daniel	Familial idiopathic basal ganglia calcification
Sontineni	Siva	Myxedema and cardiac arrest
Gorthi	Janardhana	Coronary artery ectasia--a clinical enigma
Bower	Siobahn	Fast and furious heart failure
Nelsen	Eric	Recurrent IgA Nephropathy in a Transplanted Kidney Abstract
Abrahams	William	Dilemma: Metastatic or primary male breast cancer?
Chauhan	Krati	Hypoxic respiratory failure; do we suspect hypersensitivity pneumonitis?
Aggarwal	Shivani	Downhill esophageal varices: a complication of long term central venous access
Leonberg	Amanda	?Tiene la presion alta? Prevalence of Hypertension in a rural Dominican Republic Village
Malhotra	Sakshi	Methadone and QT prolongation--beware and be aware
Lesiak	Alex	Superficial siderosis: Case presentation and review of the literature
Kumaravel	Veena	Is exploratory laparotomy appropriate?
Tashi	Tsewang	Rare cause of iron deficiency--gut amyloidosis
Tadros	Mary	Brain abscess, a serious infection caused by an innocent pathogen
Thota	Ramya	Legionnaire's disease in a 17 year old male with SLE
Garcia	David	Neurocysticercosis: still an emerging infectious disease?
Al-Howaidi	Islam	Chronic thromboembolic pulmonary hypertension: an example of severe pulmonary hypertension
Gonsalves	Wilson	Pleural ascites--rare initial presentation of cirrhosis
Walter	Paige	Ecthyma contagiosum: A case report of human orf in the Midwest
Caruthers	Carrie	An unusual resolution of cholecystitis
Ronspies (Kucirek)	Carey	Acute biliary tract disease presenting as ST segment elevation myocardial infarction
Vashisht	Priyanka	Hypocalcemia--an intriguing presentation
Poterucha	Joseph	High-output cardiac failure secondary to acquired iliac arteriovenous fistula
Ganta	Ashwin	Disseminated histoplasmosis with a larger retroperitoneal mass: a rare case presentation
Hoang	Priscilla	Non-classic findings in a classic presentation of acute ST-segment elevation myocardial infarction
Viers	Boyd	Needle Lung Biopsy resulting in air embolic hemispheric infarct
Deshmukh	Anand	Adenosine induced complete heart block potentiated by dipyridamole
Northam	Lindsay	Anticoagulation management with tri-fold indication

Hentzen	Douglas	Transthyretin related familial amyloid cardiomyopathy: a case report
Deshmukh	Pooja	Platypnea-orthodeoxia syndrome--a rare manifestation of severe emphysema
De Nazareth	Andrew	Amitriptyline induced type 1 brugada EKG pattern
Cutinha	Annika	Caution! Left arm pain is not always myocardial ischemia
Green	Carolyn	Apical ballooning syndrome in a septic patient complicated by QT prolongation and torsades
Moore	Doug	GoLYTELY aspiration as a cause of ARDS
Ulveling	Kyle	Post-operative Hypothermia and altered sensorium
Briceno	Dayana	Acute onset of abdominal pain at high altitude
Kanuri	Swapna	Pulmonary thromboembolism as a cause of recurrent syncope and falls
Nguyen	Anhvu	Medical management of emphysematous necrotizing pancreatitis

RESEARCH

De Pew	Zachary	An established primary care physician relationship is associated with decreased rates of tobacco smoking
Kaushik	Manu	Complications of implantable cardiac devices--can we identify high risk patients?
Gupta	Himani	Predictors of post-operative complications in patients undergoing orthopedic surgeries
Pasupuleti	Suman	Physician based counseling about healthy life style: impact on cholesterol and blood pressure of south asian immigrants
Antoniak	Derrick	Effect of glial-derived neurotrophic factor on spatial learning in a mouse model of Alzheimer's disease
Michalski	Joel Matthew	Human fetal lung fibroblasts are refractory to PGE2 mediated inhibition of chemotaxis following 24 hour exposure to PGE2
Razavian	Shervin	Mutant superoxide dismutase 1 expression in glial cells induces neuronal toxicity in a cell culture model of amyotrophic lateral sclerosis
