

MANY STATES TO CONSIDER SCOPE OF PRACTICE LEGISLATION

Attached is an AMA-Advocacy Research Center (ARC) document regarding anticipated scope of practice activity in the 2005 legislative sessions. The document lists the result of an email poll of allied health professional groups. Activity is expected on a range of bills including licensure changes, independent practice, prescribing authority, and expanded practice.

If you have any questions on these or other topics, please contact Shuan Tomlinson, State Health Policy Coordinator, at 800-338-2746 ext. 4547 or by email at stomlinson@acponline.org.
