Fostering Excellence in Internal Medicine
This live activity has been designated for 14.5 CME credits.
This SEP session has been designated for an additional 2 CME credits.
Meeting Highlights

• 2014 Update in Internal Medicine SEP Module
• Updates in Hepatitis C, Obesity Management, and Emerging Infections in the U.S.
• Sunday Workshop: Motivational Interviewing for Behavioral Change

Dear Colleague,

I invite you to join me and your colleagues in internal medicine at the next scientific meeting of the Alabama Chapter of the American College of Physicians, being held June 4–7, 2015, at the Marriott Grand Hotel.

*This meeting is not just for ACP members.* I particularly want to invite nonmembers to join us for this important clinical update and to learn about the benefits of membership at the same time.

In addition to earning 14.5 CME credits, by attending this meeting you will:

• Gain insight into recent medical advances.
• Discuss local and national issues affecting the practice and teaching of internal medicine.
• Greet old friends, meet new friends, and develop a network of colleagues in your area.

Between scientific sessions, please visit the College table. You will find information on new ACP programs, products, and services. There’s always something new at the College table—stop by and see for yourself.

To ensure your place at this invaluable meeting, complete the registration form at the back of this brochure and send it in today. The opportunities available at this meeting will help you meet not only your needs as a physician, but also the needs of the patients you serve.

I look forward to seeing you in Point Clear.

Sincerely,

Gustavo Heudebert, MD, MACP
ACP Governor-elect, Alabama Chapter
