GOVERNOR'S LETTER

West Virginia Chapter Meeting Highlights:

- Workshops
- WVGS Annual Scientific Session 2009
- Thieves Market
- Walk/Run at Ritter Park
- Associates' and Medical Students Activities
- Governor's Reception, Touma Museum

This educational activity has been designated for 17.75 CME credits.

Dear Colleague,

I invite you to join me and your colleagues in internal medicine at the next scientific meeting of the West Virginia Chapter of the American College of Physicians, being held October 8–10, 2009, at the Pullman Plaza Hotel.

This meeting is not just for ACP members.

I particularly want to invite nonmembers to join us for this important clinical update and to learn about the benefits of membership at the same time.

In addition to earning 17.75 CME credits, by attending this meeting you will:

- Gain insight into recent medical advances.
- Discuss local and national issues affecting the practice and teaching of internal medicine.
- Greet old friends, meet new friends, and develop a network of colleagues in your area.

Between scientific sessions, please visit the College table. You will find information on new ACP programs, products, and services. There's always something new at the College table—stop by and see for yourself.

We welcome the West Virginia Geriatrics Society. Their annual meeting will be conducted on Thursday, October 8, 2009, at the same location as our meeting. All are welcome, and the registration fee is discounted if attending both meetings.

To ensure your place at this invaluable meeting, complete the registration form at the back of this brochure and send it in today. The opportunities available at this meeting will help you meet not only your needs as a physician, but also the needs of the patients you serve.

I look forward to seeing you in Huntington.

Sincerely,

Charles Turner, MD, FACP
ACP Governor, West Virginia Chapter
