

ACP Associate Membership

Associate membership is available to all residents and fellows-in-training in approved programs in established ACP regions who are preparing for a career in internal medicine, one of its subspecialties, or neurology.

Benefits of becoming an Associate

Publications

Enjoy subscriptions to *Annals of Internal Medicine*, *ACP Journal Club*, *ACP Observer*, and *The Guide for Hospitalists*.

Medical Education

Prepare for the ABIM certification and maintenance of certification examinations with ACP's Medical Knowledge Self-Assessment Programs (MKSAP®).

Advocacy

Make your voice heard on Capitol Hill by ACP's team of lobbyists and have the opportunity to participate in ACP Leadership Day and the Key Contact Program.

Patient Care and Professionalism

Curbside with the Physicians' Information and Education Resource (PIER®) and make clinical decisions with confidence.

*For a complete list of Associate benefits, visit www.acponline.org/srf/a_benefits.htm.

National Dues for Associates is **\$99 per year**. (International applicants who wish to receive online publications have a discounted dues rate of \$49 per year.) For an application to join the College as an Associate member, please visit www.acponline.org/college/membership/formreq.htm.
