

License Benefit for all MHB users!
*Charting Your Way to Practice Improvement:
Webinars for the 21st Century Patient-Centered Practice*

ACP is pleased to announce a webinar series entitled “Charting Your Way to Practice Improvement: Webinars for the 21st Century Patient-Centered Practice.” As a benefit of becoming a Medical Home Builder licensee, you will be invited to participate in this series of webinars without charge. Each webinar will address issues central to patient-centered care. The speakers are known for their quality work in the respective webinar areas and will focus their presentations on practical tools and information that you can put into place. Each webinar will be presented live on two occasions and later posted as a recorded session within the MHB resources. Once licensed, you will be sent the schedule with hyperlinks for registration.

Current Licensees – contact Paula Woodward if you have not already received the registration links.

This webinar series is being sponsored by Pfizer, Inc.

For more information, please contact Paula Woodward at 202-261-4556 or paulaw@acponline.org
