Submissions:

SCAN ME

**THEME:**  
**MEDICINE IN MOTION -  
WHAT THE FUTURE HOLDS**

**DEADLINE EXTENDED TO:**  
**SEPTEMBER 10, 2023, 11:59 PM PT**

Stories are an essential part of medicine. They remind us of our humanity and connect us. We invite submissions from ACP SoCal Chapters student, resident/fellow, and early career physician members related to the future practice of medicine, progress within the medical profession, or a unique interpretation of this year's theme. All types of original submissions are welcome including reflections, essays, short stories, and poems with a 350 word limit.
