Melinda Solomon

(Continued on next page)

Calciophylaxis with Normal Renal Function

Sandeep Kancharla

Post-COVID Lymphadenopathy In Patient with Remote COVID-19 Infection

Chelsey Stewart

Oral Presentations

The two resident abstracts from Mississippi that have been accepted for oral presentation are below. Congratulations these two physicians and we look forward to hearing your presentations in June!

Two for the Price of One: Bilateral Pasteurella Multicoda Empyema

First author: Dr. Aayush Patel

A Case of Iron Pill-Induced Gastropathy in an Adult Patient

First author: Dr. Himmatt Brar

If your abstract is listed for a poster presentation at the AL / MS ACP Scientific Meeting, congratulations! Student and Early Career Physician posters will be on Friday, June 11th, and Resident and Fellow posters will be on Saturday, June 12th. We will be in touch with more details of poster sizing, etc., so please keep a watch on your email!

If your abstract was not listed, please know that you may still submit this abstract to our local ACP Abstract Day in fall 2021! This is an annual event only for Mississippi ACP members and will be in Jackson on UMMC's main campus. Stay posted for details on the MS ACP Chapter website about when to submit!

Would you like to become more involved with the ACP Chapter? Please visit take a moment to peruse our website for resources and volunteer opportunities.
