

July 1, 2023

Please join us for the Annual ACP Ohio Doctors Dilemma on Thursday, October 19, 2023 at the Greater Columbus Convention Center.

This year's competition will be for Residents only.

Registration is now open and ends on September 12, 2023. All registration materials and rules of play are available on the Ohio ACP website at www.acponline.org/about-acp/chapters-regions/united-states/ohio-chapter/news-meetings

We will not be charging a team fee. This allows us to align our competition more closely with the national ACP Drs. Dilemma competition. Instead, team members must be registered for the Chapter Meeting. Please make sure all team members are registered before September 20th.

We will be accepting 18 Resident Teams this year, so don't forget to sign up early.

*Each team is allowed 3 players with 1 alternate. **ALL** players must be a member of the ACP, have a valid ACP number, and be registered for the Chapter Meeting to participate. Please check with your institution, online, or in your mailer for your ACP number.*

Resident Doctor's Dilemma competition is Thursday, October 19, 2023 from 1:00 pm-4:15 pm at the Greater Columbus Convention Center.

If you have any questions, please contact Jan Wrassman at jwrassman.acpohio@gmail.com.

We hope to see you there! Good luck to all.

Chair, Doctors Dilemma Committee

Moises Auron, MD, FACP
Governor, Ohio ACP Chapter
