Wyoming Chapter 2022 Laureate Award

Wyoming
Chapter

Michael D. Tracy, MD, FACP

Dr. Tracy has practiced internal medicine and pediatrics in Powell, Wyoming since 2002. Before that, he spent 3 years as a National Health Service Corps Scholar in rural Missouri. He graduated from the University of Rochester (NY) Residency Program in Internal Medicine and Pediatrics in 1998 and the University of Colorado School of Medicine in 1994.

Dr. Tracy enjoys collaborating with colleagues and teaching medical students. He is the past Governor of the Wyoming Chapter of the American College of Physicians and served two terms on the Executive Committee of the American Academy of Pediatrics' Section on Internal Medicine and Pediatrics. His special interests in medicine include improvements in access and efficiency and health care quality, and he is concerned about the magnitude of "burnout" in health care. He is the co-founder of 307Health, the first multi-physician direct primary care practice in Wyoming.

His kids are all grown and married. He and his wife, Karrie, have a few pets around to keep them busy.

Dr. Tracy enjoys spending time in the great outdoors as much as he can, including backpacking and section hiking the Continental Divide Trail in Wyoming.

The Laureate Award honors Fellows and Masters of the College who have demonstrated by their example and conduct an abiding commitment to excellence in medical care, education, or research and in service to their community, their chapter, and ACP.

It is with distinct pleasure that, this year, the Wyoming Chapter of ACP presents the Laureate Award to Michael D. Tracy, MD, FACP.
