

# Use of N95, Surgical, and Cloth Masks to Prevent COVID-19 in Health Care and Community Settings: Living Practice Points From the American College of Physicians (Version 1) (2020)

This Practice Point examines the effectiveness of N95 respirators, surgical masks, and cloth masks in healthcare and community settings for prevention of COVID-19 and whether N95 respirators should be re-used or their use extended during limited availability for prevention of COVID-19.
