

Improving the Patient Protection and Affordable Care Act's Insurance Coverage Provisions: A Position Paper From the American College of Physicians (2019)

A position paper from the American College of Physicians recommends ways to improve the Affordable Care Act and lay the foundation for health care reforms that will lead to universal coverage for all Americans. ACP's paper calls for efforts to bolster the ACA, including stabilizing the health insurance market, expanding Medicaid, increasing competition in the marketplace, and amplifying awareness about how the ACA works to help patients and how to enroll in coverage plans. ACP is committed to supporting policies that work to achieve universal health care coverage.
