

Principles on Women's Health

Approved by the ACP Executive Committee of the Board of Regents on behalf of the ACP Board of Regents on March 3, 2017

ACP endorses the joint principles on women's health issues developed by ACP, ACOG, AAP, and AAFP as follows:

- 1. Ensure women unencumbered access to affordable, evidence-based health care throughout their lifespan**
- 2. Oppose political interference in the patient-provider relationship**
- 3. Protect and retain current benefits and coverage for women, including preventive care and banning gender rating**
- 4. Protect Medicaid coverage and financing, ensuring consistent treatment of qualified providers**
