

1 **Actions Taken on BOG Resolutions, April 20, 2024, Board of Regents Organizational Meeting**

2
3 **Adopted and referred for implementation: (Lines 49-55)**

4 6-S24. Advocating for Vaccination Incentives

5
6 **Adoption/Implementation with Amendments: (Lines 58-100)**

7 1-S24. Developing Educational Programs to Train Internal Medicine Physicians in the Care of
8 Sexual and Gender Minority Persons

9 4-S24. Improving the Experience of International Medical Students (IMS) and International Medical
10 Graduates (IMG) Seeking Clinical Observerships and Letters of Recommendation in the
11 United States of America and Canada

12 7-S24. Seeking Full Coverage of All Advisory Council on Immunization Practices (ACIP) Recommended
13 Vaccines under Medicare Part B

14 12-S24. Streamlining Longitudinal, Uninterrupted Access to Critical Health Services that Support Daily
15 Activities and Safe, Independent Living for Patients with Chronic Persistent or Progressive
16 Impairments

17
18 **Adopted as a Reaffirmation: (Lines 103-149; 171-181)**

19 3-S23. Developing Educational Resources to Train Physicians about the Evolving Threats of Climate
20 Change on Human Health

21 5-S24. Advocating for Continued Coverage of Colon Cancer Screening

22 9-S24. Acknowledging the Individual Right to Decisional Privacy

23 14-S24. Reducing the Risk of Medical Workplace Violence

24
25 **Adopted with BOR Amendments for Implementation (Lines 152-168; 196-240)**

26 6-S23. Promoting Research on the Public Health Impact of Extreme Risk Protection Orders (ERPOs) in
27 Reducing Firearm Death and Injury

28 10-S24. Updating ACP Policy to Support Physicians Pursuing Collective Empowerment

29
30 **Adopted as a BOR substitute resolution for Implementation (Lines 242-266)**

31 15-S24. Advocating that the Dietary Guidelines for Americans Use National Academy of Medicine
32 (NAM) Institute of Medicine (IOM) and Guidelines International Network's Standards to
33 Develop Clinical Guidelines

34
35 **Referred for Study: (Lines 183-194; 268-318)**

36 8-S24. Approaching Physician Suicide as a Problem Requiring Healthcare System Change

37 16-S24. Educating the Public about the Appropriate Identification of Healthcare Professionals in Clinical Settings

38 17-S24. Promoting and Developing Initiatives Related to Narrative Medicine

39 18-S24. Supporting our Military Membership at the American College of Physicians by Developing a
40 Special Dues Category for Active Members of the U.S. Armed Forces

41 20-S24. Addressing the Environmental Burden Associated with American College of Physicians Publications

42
43 The Board of Regents approved, as a Consent Calendar, the recommendations regarding the
44 disposition of each of the following resolutions recommended for adoption at the Spring 2024 Board
45 of Governors Meeting:

48 **BOG Recommended for Adoption/Implementation:**

49 **Resolution 6-S24. Advocating for Vaccination Incentives**

50 *(RRC Referral Recommendation: Medical Practice and Quality Committee [MPQC] with input from the*
51 *Immunization Committee)*

52 *RESOLVED, that the Board of Regents will partner with other medical specialty organizations to*
53 *advocate for insurance companies including Medicare and Medicaid, to reduce their premiums or*
54 *offer some other financial incentive to those members who are vaccinated according to Advisory*
55 *Committee on Immunization Practices (ACIP) recommendations.*

56

57 **BOG Recommended for Adoption/Implementation with Amendments:**

58 **Resolution 1-S24. Developing Educational Programs to Train Internal Medicine Physicians in the**
59 **Care of Sexual and Gender Minority Persons**

60 *(RRC Referral Recommendation: Education Committee with input from Division of Governmental Affairs and*
61 *Public Policy [DGAPP] staff)*

62 *RESOLVED, that the Board of Regents recognize the importance of education for all internal*
63 *medicine physicians regarding the topics of sexual and gender minority health and the provision of*
64 *culturally and clinically competent gender affirming care at all levels of medical training including*
65 *undergraduate and graduate medical education; and be it further*

66

67 *RESOLVED, that the Board of Regents, along with other interested parties as necessary, make*
68 *available updated medical education programs and clinical resources for internal medicine*
69 *physicians enabling them to provide culturally and clinically competent care, inclusive of gender*
70 *affirming care, for all members of the LGBTQ+ Community.*

71

72 **Resolution 4-S24. Improving the Experience of International Medical Students (IMS) and International**
73 **Medical Graduates (IMG) Seeking Clinical Observerships and Letters of Recommendation in the United**
74 **States of America and Canada**

75 *(RRC Referral Recommendation: Education Committee with input from Diversity, Equity, and Inclusion*
76 *Committee)*

77 *RESOLVED, that the Board of Regents further studies the problem and works with the Accreditation*
78 *Council for Graduate Medical Education (ACGME), Alliance for Academic Internal Medicine (AAIM),*
79 *Association for Program Directors in Internal Medicine (APDIM), Education Commission for Foreign*
80 *Medical Graduates (ECFMG), and other partners to develop a transparent, ethical, and fair system*
81 *to enhance IMS and IMG medical training and incorporation into the U.S. healthcare workforce.*

82

83 **Resolution 7-S24. Seeking Full Coverage of All Advisory Council on Immunization Practices (ACIP)**
84 **Recommended Vaccines under Medicare Part B**

85 *(RRC Referral Recommendation: MPQC with input from the Immunization Committee)*

86 *RESOLVED, that the Board of Regents seek full coverage of all Advisory Council on Immunization*
87 *Practices (ACIP) recommended vaccines under Medicare Part B, to enable optimal preventative*
88 *care for patients to be able to receive all ACIP-recommended vaccines in their primary care*
89 *physicians' or clinicians' offices as covered services without cost shifting.*

90

91 **Resolution 12-S24. Streamlining Longitudinal, Uninterrupted Access to Critical Health Services that**
92 **Support Daily Activities and Safe, Independent Living for Patients with Chronic Persistent or**
93 **Progressive Impairments**

94 *(RRC Referral Recommendation: MPQC)*

95 *RESOLVED, that the Board of Regents advocates for streamlined, longitudinal, uninterrupted access*
96 *to critical health services that support daily activities and safe, independent living for patients with*
97 *chronic persistent or progressive impairments by taking the following action:*

- 98 1. *Advocate to CMS and other payers to remove the mandatory recertification requirements for*
99 *critical health services that support daily activities and safe, independent living for patients*
100 *with chronic persistent or progressive impairments.*

101

102 **BOG Recommended for Reaffirmation:**

103 **Resolution 9-S24. Acknowledging the Individual Right to Decisional Privacy**

104 *RESOLVED, that the Board of Regents acknowledges that patients’ right to autonomy includes the*
105 *right to make their own independent medical decisions, with or without reliance on a patient-*
106 *clinician relationship and, as such, will adopt and advocate for positions in furtherance of this*
107 *acknowledgment. ***

108

109 ****College policy/practice being reaffirmed:**

110 ACP policy has long recognized that patients have the right to make their own decisions about health care, in
111 keeping with their values and preferences, “based on the philosophical and ethical concept of respect for
112 autonomy, the common-law right of self-determination, and the patient’s liberty interest under the U.S.
113 Constitution” (1).

114 The ACP Ethics Manual likewise recognizes that “[p]rivacy is freedom from unauthorized intrusion,” and that
115 need or illness do not “change a patient’s legal rights” (1).

- 116 1. Sulmasy LS, Bledsoe TA, for the ACP Ethics, Professionalism, and Human Rights Committee. American
117 College of Physicians ethics manual: seventh edition. Ann Intern Med. 2019;170:S1–S32.
118 doi:10.7326/M18-2160.

119

120 **Resolution 14-S24. Reducing the Risk of Medical Workplace Violence**

121 *RESOLVED, that the Board of Regents discuss what actions might be taken to reduce the risk to*
122 *physicians from workplace violence. Actions might include, but are not limited to, having ACP*
123 *develop teaching packages which provide instruction on how to deal with such incidents in a*
124 *manner that reduces the risk of serious injuries occurring, as well as encouraging medical settings*
125 *to place in service protective measures such as screening for individuals entering medical settings*
126 *with handguns or other potentially lethal instruments. ***

127

128 ****College policy/practice being reaffirmed:**

129 The Health and Public Policy Committee developed a position statement on policy standards for workplace violence
130 prevention and management approved by the Board of Regents (BOR) in fall 2021. In 2022, ACP developed an
131 Advocacy Toolkit also to help with member advocacy to pass legislation to protect health care workers.

132

133

134 **BOR Adopted as a Reaffirmation:**

135 **Resolution 3-S23. Developing Educational Resources to Train Physicians about the Evolving Threats**
136 **of Climate Change on Human Health**

137 *RESOLVED, that the Board of Regents will expand and develop educational resources to train*
138 *physicians about the evolving threats of climate change and environmental degradation on human*
139 *health through dedicated comprehensive coursework and tracks within conferences, supported by*
140 *online resources such as an up-to-date compendium of clinical research, links to relevant*
141 *organizations, communication tools, and lectures.***

142

143 ****College policy/practice being reaffirmed:**

144 DGAPP and Education staff identified currently available resources as well as content being developed that
145 aligned with and fulfilled the intent of Resolution 3-S23. A “Final Report” on Resolution 3-S23, submitted for
146 the April 16, 2024 BOR meeting, highlighted multiple educational sessions at the 2024 Internal Medicine
147 Meeting (IMM), a 2025 IMM educational session, and an IM 2025 Global Engagement Committee (GEC)
148 session, as well as a number of education resources. Additionally, the ACP [Toolkit: Climate Change and](#)
149 [Health](#) is in the process of being updated.

150

151 **BOR Adopted with Amendments for Implementation:**

152 **Resolution 6-S23. Promoting Research on the Public Health Impact of Extreme Risk Protection Orders**
153 **(ERPOs) in Reducing Firearm Death and Injury**

154 *(RRC Referral Recommendation: Health and Public Policy Committee [HPPC] with input from Ethics,*
155 *Professionalism, and Human Rights Committee [EPHRC] on the 2nd resolved clause and Medical*
156 *Education staff on the 3rd clause)*

157 *RESOLVED, that the Board of Regents promote research on the public health impact of Extreme*
158 *Risk Protection Orders (ERPOs), in particular on reducing suicide as well as intimate partner*
159 *violence injury and mass shootings; and be it further*

160

161 *RESOLVED, that the Board of Regents research and make recommendations in regard to the*
162 *administrative burden, legal liability concerns, and ethical concerns for physicians and other*
163 *clinicians filing ERPOs; and be it further*

164

165 *RESOLVED, that the Board of Regents identify and disseminate concise, actionable educational*
166 *resources for students, residents and practicing clinicians on effective counseling and harm*
167 *reduction interventions when patients or family members express a concern that they or someone*
168 *they know is at risk for firearm violence, including resources to advise on ERPOs when indicated.*

169

170 **Board members extracted the following resolutions from the Consent Calendar for discussion:**

171 **Resolution 5-S24. Advocating for Continued Coverage of Colon Cancer Screening**

172 *The Board of Regents extracted Resolution 5-S24 from the Consent Calendar to discuss. Following the*
173 *discussion, The Board of Regents*

174 **VOTED: to approve Resolution 5-S24 for reaffirmation.**

175

176 **Rationale:** At the April 20, 2024 meeting, the Board of Regents (BOR) approved Resolution 5-S24 for
177 reaffirmation. In the opinion of the BOR, the work on this resolution is complete and no further work is
178 required since the resolution reaffirms existing policy. Members of the BOR noted that the Affordable

179 Care Act, which ACP supports, requires coverage of preventative measures and that denial of coverage is
180 a broader issue. The BOR also noted concerns regarding conflicting guidelines and highlighting any one
181 medical condition over others.

182
183 **Resolution 8-S24. Approaching Physician Suicide as a Problem Requiring Healthcare System Change**

184 *The Board of Regents extracted Resolution 8-S24 from the Consent Calendar to discuss. Following the*
185 *discussion, The Board of Regents*

186 **VOTED:** *to refer Resolution 8-S24 for study to the Executive Office.*

187
188 **Rationale:** *At the April 20, 2024 meeting, the Board of Regents referred Resolution 8-S24 for study to the*
189 *Executive Office. BOR members noted that the work of this resolution is already being done within a*
190 *consortium of organizations alongside ACP. Convening a task force is not recommended as its work*
191 *would be largely research based, which is outside the scope of ACP's work, and would have a significant*
192 *impact on ACP staff time as well as a potentially significant fiscal impact. Referral to the Executive Office*
193 *was approved to facilitate coordination of action among multiple committees, departments, and outside*
194 *organizations.*

195
196 **Resolution 10-S24. Updating ACP Policy to Support Physicians Pursuing Collective Empowerment**

197 *The Board of Regents extracted Resolution 10-S24 from the Consent Calendar to discuss. Following the*
198 *discussion, The Board of Regents*

199 **VOTED:** *to refer Resolution 10-S24 to the Health and Public Policy Committee for implementation with input*
200 *from Ethics, Professionalism and Human Rights Committee, Professional Development and Fulfillment*
201 *Committee, and Medical Practice and Quality Committee (1st resolved clause) and to the ACP American*
202 *Medical Association Delegation (2nd resolved clause) with the following amended language:*

203
204 *Track Changes:*

205 ***RESOLVED, that the Board of Regents update policy to:***

206 ***a) Support of the right of physicians to engage in collective ~~bargaining, including physician~~***
207 ***~~unionization; empowerment through a variety of modalities~~***

208 ***b) Advocate for the expansion of the numbers of physicians eligible for this right ~~under state and~~***
209 ***~~federal law; and~~***

210 ***c) Provide comprehensive guidance on physicians' regulatory and ethical obligations in balancing***
211 ***direct patient care and advocacy within health systems during ~~the any~~ collective bargaining process;***
212 ***and be it further***

213
214 ***RESOLVED, that the Board of Regents bring a resolution to the American Medical Association (AMA)***
215 ***seeking study of opportunities for the AMA and other physician associations to support ~~physicians~~***
216 ***~~initiating collective bargaining, including but not limited to unionization. the above.~~***

217
218 *Clean Copy:*

219 ***RESOLVED, that the Board of Regents update policy to:***

220 ***a) Support of the right of physicians to engage in collective empowerment through a variety of***
221 ***modalities***

222 ***b) Advocate for the expansion of the numbers of physicians eligible for this right***

223 ***c) Provide comprehensive guidance on physicians' regulatory and ethical obligations in balancing***
224 ***direct patient care and advocacy within health systems during any collective bargaining process; and***
225 ***be it further***

226
227 **RESOLVED, that the Board of Regents bring a resolution to the American Medical Association (AMA)**
228 **seeking study of opportunities for the AMA and other physician associations to support the above.**
229

230 Rationale: At the April 20, 2024 meeting, the Board of Regents referred Resolution 10-S24 to the Health
231 and Public Policy Committee with input from Ethics, Professionalism and Human Rights Committee,
232 Professional Development and Fulfillment Committee, and Medical Practice and Quality Committee (1st
233 resolved clause) and to the ACP American Medical Association Delegation (2nd resolved clause) for
234 implementation with amended language. Members of the BOR recommended using the term “collective
235 empowerment through a variety of modalities” rather than “unionization.” Discussion among Board
236 members included consideration of ongoing work toward a paper by the Ethics, Professionalism and
237 Human Rights Committee to address the ethics of collective bargaining as well as consideration of the
238 regulatory impact and obligations. BOR members noted the intention of the resolution is to empower
239 physicians to seek adequate conditions while continuing to provide ethical and compassionate care for
240 patients.

241
242 **Resolution 15-S24. Advocating that the Dietary Guidelines for Americans Use National Academy of**
243 **Medicine (NAM) Institute of Medicine (IOM) and Guidelines International Network’s Standards to**
244 **Develop Clinical Guidelines**

245 *The Board of Regents extracted Resolution 15-S24 from the Consent Calendar to discuss. Following the*
246 *discussion, The Board of Regents*

247 **VOTED:** *to refer Resolution 15-S24 to Clinical Policy staff for implementation with the following*
248 *substitute language:*

249
250 *Original language:*

251 **RESOLVED, that ACP policy be strengthened to support advocacy for implementation of the National**
252 **Academies of Sciences, Engineering and Medicine (NASEM) recommendations for processes around**
253 **Dietary Guidelines for Americans (DGA) development; and be it further**

254 **RESOLVED, that the Board of Regents shall advocate for implementation of the NASEM and**
255 **Guidelines International Network’s recommendations for processes around DGA development to the**
256 **greatest extent possible prior to release of each set of DGA.**

257
258 *Substitute Language:*

259 **RESOLVED, that the Board of Regents shall advocate that Dietary Guidelines for Americans (DGA)**
260 **use the National Academy of Medicine (NAM) Institute of Medicine (IOM) and Guidelines**
261 **International Network’s standards to develop clinical guidelines.**

262
263 Rationale: At the April 20, 2024 meeting, the Board of Regents referred Resolution 15-S24 to Clinical
264 Policy staff for implementation with substitute language. The substitute language is intended to
265 combine the two original resolves into one and accurately reflect that NAM (IOM) created the
266 guidelines.

267
268 **Resolution 16-S24. Educating the Public about the Appropriate Identification of Healthcare**
269 **Professionals in Clinical Settings**

270 *The Board of Regents extracted Resolution 16-S24 from the Consent Calendar to discuss. Following the*
271 *discussion, The Board of Regents*

272 **VOTED:** *to refer Resolution 16-S24 for study to Marketing and Public Relations staff with input from*
273 *Health and Public Policy Committee and Professional Development and Fulfillment Committee.*

274
275 Rationale: At the April 20, 2024 meeting, the Board of Regents referred Resolution 16-S24 for study to
276 Marketing and Public Relations staff with input from Health and Public Policy Committee and
277 Professional Development and Fulfillment Committee. The BOR referred this resolution for study instead
278 of implementation because this resolution’s intent goes beyond the scope of the professional brand
279 identity campaign and will have a potentially large fiscal impact. Board members noted toolkits are
280 available for Chapters, ACP published a paper on team-based care, and ACP is engaged in the AMA’s
281 Truth in Advertising campaign. The Board encouraged the study to be returned to them in as short a
282 time frame as possible.

283
284 **Resolution 17-S24. Promoting and Developing Initiatives Related to Narrative Medicine**
285 *The Board of Regents extracted Resolution 17-S24 from the Consent Calendar to discuss. Following the*
286 *discussion, The Board of Regents*
287 **VOTED:** *to refer Resolution 17-S24 to the Professional Development and Fulfillment Committee for*
288 *study with input from Publication and Medical Education staff.*

289
290 Rationale: At the April 20, 2024 meeting, the Board of Regents referred Resolution 17-S24 to the
291 Professional Development and Fulfillment Committee for study with input from Publication and Medical
292 Education staff. The BOR noted the College is currently engaged in multiple activities in support of this
293 resolution and study will more clearly define what additional work could be done and at what cost.

294
295 **Resolution 18-S24. Supporting our Military Membership at the American College of Physicians by**
296 **Developing a Special Dues Category for Active Members of the U.S. Armed Forces**
297 *The Board of Regents extracted Resolution 18-S24 from the Consent Calendar to discuss. Following the*
298 *discussion, The Board of Regents*
299 **VOTED:** *to refer Resolution 18-S24 to the Membership Committee for study.*

300
301 Rationale: At the April 20, 2024 meeting, the Board of Regents referred Resolution 18-S24 to the
302 Membership Committee for study. This referral is tied to the current work undertaken regarding
303 modification of the dues structure. Members of the BOR noted that members of U.S. Armed Forces are
304 typically well-supported in their participation with ACP. Members of the BOR who were also members of
305 the U.S. Armed Forces were not in favor of adopting the resolution.

306
307 **Resolution 20-S24. Addressing the Environmental Burden Associated with American College of Physicians**
308 **Publications**
309 *The Board of Regents extracted Resolution 20-S24 from the Consent Calendar to discuss. Following the*
310 *discussion, The Board of Regents*
311 **VOTED:** *to refer Resolution 20-S24 to the Publication Committee for study with input from Membership*
312 *Committee and Financial Policy and Audit Committee.*

313
314 Rationale: At the April 20, 2024 meeting, the Board of Regents referred Resolution 20-S24 to the
315 Publication Committee for study with input from Membership Committee and Financial Policy and Audit
316 Committee. This referral calls for consideration of unintended consequences if delivery of *Annals of*
317 *Internal Medicine* defaults to electronic, including fiscal consequences and perception of benefits of
318 membership. A detailed fiscal forecast is requested with this referral.
