

# INTELLIGENT MEDICINE

## THE FUTURE OF CLINICAL AI

SCAN TO REGISTER

*\*There is no cost to attend but you must preregister.*

Join us for an engaging and educational winter meeting where you'll explore practical applications of AI in clinical workflows while gaining an understanding of its limitations and risks, learn how to responsibly integrate AI tools into patient care, and safeguard against potential pitfalls. Equip yourself with the knowledge and confidence to navigate the rapidly evolving landscape of AI in medicine and ensure safe, effective use in your practice.

**07** FEBRUARY  
2026

**08** 00AM  
- 1:00PM
