Congratulations to the Florida Chapter for receiving the Gold Level of the 2023 Chapter Excellence Award! The award recognizes truly extraordinary chapters that surpass excellence in chapter management. In order to achieve the Silver Level of the Chapter Excellence Award, chapters must meet over 50 criteria including such activities as having a legislative action plan or agenda, holding a

volunteerism/community service activity, holding multiple stand-alone meetings, having revenue sources outside of dues and meeting registration fees, implementing a strategic plan, implementing a formal recruitment and retention plan and measuring outcomes, conducting various activities for Medical Students, Residents and Early Career Physicians. Special thanks to those chapter members who assisted in all of these endeavors! For their hard work and dedication, we received this award.
