

Jason M. Goldman, MD FACP  
ACP Governor, Florida Chapter  
Div of Education & Membership

Dear Colleagues,

It is with great pleasure that I begin my service to the Florida Chapter of the American College of Physicians as your Governor of Education & Membership. I have seen our organization grow over the years and truly be at the forefront of medical leadership in the State of Florida. Our chapter has advanced tremendously under Dr. Michelle Rossi and I know that it will be very difficult to follow such a great Governor. Our educational programs and advocacy efforts have been recognized nationally and have been set forth as a model for other chapters. In fact, Florida is one of the first chapter to offer over 18 CME credit hours and MOC points at our annual scientific sessions this year. I am proud and honored to both belong to and serve this great organization.

As with many great endeavors in life, the time will speed along faster than anticipated but I hope to achieve a number of goals before my term ends. I have already reached out to several individuals to serve on various committees to improve the functions of the chapter. I have attended two Board of Governors meetings as your Governor elect and represented the needs of the chapter at the national level. I will work tirelessly to continue these efforts at the future Board meetings on your behalf.

I believe in open communication and will always be available to listen to any concerns or ideas that can help strengthen the chapter and improve the organization. Education, membership, member benefits and advocacy efforts will be some of the priorities over the next four years and I welcome your feedback. By engaging our colleagues and showing them how the organization has helped them, we can improve upon our membership and grow steadily. I especially welcome and encourage the resident and student members to stay active and involved, as they are the future of our organization.

Once again, I sincerely thank you for allowing me the opportunity to serve and look forward to working with Florida Chapter President/Governor, John G. Langdon, MD FACP on your behalf.

Sincerely,

Jason M. Goldman, MD, FACP  
ACP Governor, Florida Chapter
