**GOVERNORS  
MESSAGE**

It is bittersweet as the residents meeting comes to a close. I have thoroughly enjoyed being the Education Governor

these past 2 years and presiding over the resident and medical student meetings. One of the greatest privileges is being able to teach the next generation of physicians and mentor them on their journey. The effort put forth and time spent in the creation of the posters for the competition is quite evident as the participation this year was the highest we have ever had. The quality of the work was outstanding and presentations were superb. I always learn something new when I judge at these meetings and I encourage all of our membership to participate in the program and spend some time judging and mentoring these young minds.

Not to be outdone, the doctor's dilemma teams continue to amaze and impress me as they answer questions that confound some of the most seasoned practitioners. It has been challenging hosting the competition as these exceptional residents truly keep me on my toes. I am sure Florida will be well represented at the national meeting. I congratulate all the winners of the many competitions and am confident in the future of medicine in Florida.

This meeting could not be possible with the dedication and hard work of many talented people. Chief among these include our executive director, Dawn Moerings

who works tirelessly for us to make sure the organization runs smoothly and every meeting is flawless. In addition, Dr. Claudio Tuda was gracious enough to be our program host this year and his dedication to medical education is evident in everything he does. Bridget Anderson and Annalise Fairbanks were essential to the administration and organization of this and many other meetings. Chris Nuland is ever present as our lawyer and lobbyist to keep the organization on track. Finally, Dr. Langdon for his support and leadership. Additionally, some may have noticed the t-shirts worn by our staff. I would like to take this time to remind everyone that our past Governor, Dr. Stu Himmelstein, is in need of a kidney transplant. Please spread the words through as many social media outlets and other mediums as possible to bring attention and awareness for him. As I transition into my role as Advocacy Governor, I will continue to be involved in the education process and support the upcoming residents. I know that Dr. Hanline will continue the good work that has been done. Thank you for this opportunity to be of service to our noble profession.

*~Jason M. Goldman, MD FACP*

# 2018 Annual Residents & Medical Students Meeting

## *Resident/Fellow Poster Competition*
