I.M. Making a Difference in Georgia: Increased Engagement and Community Service by the Georgia Chapter of the ACP

Thank you to the outstanding Georgia IM Volunteers in our member community. Please help us identify the good work you or others are doing across the state of Georgia. This is the season of giving and we want to recognize the charitable gifts you are giving with your volunteer work.

We know we have many members volunteering at indigent clinics, foodbanks, Health fairs, and many other community services. The chapter would like to Identify our member volunteers and the location (county) and type of volunteer service being provided during November and December.

This is the ask:

- Email to info@gaacp.org any volunteer work you and other Georgia ACP members are doing. Please identify the charity group and your Georgia County. Send pictures if you have them.
- Who: > 100 Members (students, residents, members, Fellows, Masters)
- What: any volunteer community service you enjoy – examples include working at free/indigent care clinics, food banks, health fairs, crisis centers, giving health education talks, other charitable donations of time and talent
- When: November and December 2019
- Where: wherever you live, work, or visit during the months of giving with a goal to have some community service done in a minimum of 30 of GA's 159 counties (this will be a stretch!)
- We want to include your county and your volunteer work to recognize you as an ACP member Volunteering in your community.

- **Please help us recognize you by posting your volunteer service on the chapter social media identifying yourself and other volunteers as well as the county location and the charity/ group that you are serving.**
- If you are not on social media, you can email your identified pictures or just email us about your volunteer work. Please provide your name, and type of volunteer work along with the county the volunteer work is being provided in.

Thank you for all you do to serve your communities.
