

Chair's Corner:

A Message from the Chair of the Georgia Chapter of the Council of Early Career Physicians

Greetings!

Welcome to the Georgia Chapter of the Council of Early Career physicians (CECP). An early career physician is defined as a physician within 16 years of graduation from medical school and who is not a medical student or resident/fellow member of ACP. We represent over 600 active ACP early career physicians in the state of Georgia and over 26,000 nationally.

We exist to serve as a resource for all members early in their careers.

The mission of our GA Chapter is to be your professional home for both your career and personal development.

This year, I would like to highlight some of our programming focus areas:

- Work/life Balance
- Leadership Development including Advancing to Fellowship
- Healthcare Policy and Advocacy
- Mentorship
- Community Service
- Business of Medicine

Rather you are a specialist or in primary care, from private practice to academics, rural or urban or somewhere in between, we strive to have programming and activities to fit your needs!

This year the GA CECP is revamping its leadership structure and are looking for a few good people ready to serve. If interested, please contact Mary Daniels at mdaniel@gaacp.org or myself.

Finally, please join us at the GA ACP Chapter Meeting October 27-29, 2019 at the Chateau Elan Inn & SPA in Braselton, GA.

Highlighted Early Career Physician Events:

Friday, October 25, 2019
