HAWAI'I JOURNAL OF MEDICINE & PUBLIC HEALTH

Volume 76, No. 9

[September 2017 Issue](#)

In the September 2017 edition of *HJM&PH*, we feature a study that examines risk factors impacting sedentary behaviors among Chuukese with diabetes living in Chuuk and Hawai'i; and a case report of left atrial mass. In the *Medical School Hotline*, relive two speeches delivered to John A. Burns School of Medicine (JABSOM) students and alumni in 2017. The *Insights in Public Health* column discusses efforts to improve reproductive life planning in Hawai'i, and the *Scripts* column discusses pharmacogenomics. Finally, we end this month's issue with a short essay on humanist medicine by the late Dr. Ryder Onopa.
