

Hello Chapter Members,

ACP's Health and Public Policy Committee (HPPC) and Medical Practice and Quality Committee (MPQC) are working on a series of new policy papers outlining our vision for the future of America's health care system. Important topics include coverage and cost of care, delivery system and payment reforms, and breaking down barriers to accessing care. ACP encourages members to participate in a survey to help gather input on proposed plans for improving health care in the U.S. for all Americans. **The survey will close on April 12, 2019.**

Thank you for your participation.
