

INFO THE MEDICAL STUDENT NEEDS TO KNOW RE SUBMISSIONS OF SLIDES

- Each student will be asked to provide a **PPT or PPTX** file that includes 5 slides – one of the entire poster and the other 4 slides highlighting the main areas that you would like the judges to review.
- The actual poster will not need to be printed this year. You will be using your PPT slides as the basis for your presentation.
- The presentation is 5 minutes long with 2 minutes for Q & A.
- **A link will be provided and should be used to download your slides. These slides are due no later than February 22. The slides should be submitted using the following listing: CV/Research number you will be assigned, first name, last name and your school.**
- These slides will be used to display your presentation during the Virtual meeting. We suggest that you sit by your laptop at a table to give the best viewing of yourself and your slide presentation.
- Each student is **required** to pre-register for this event using the [online registration form](#). Please be sure to download ZOOM on to your computer prior to the meeting. A link will be provided to register as we get closer to the event. Please be sure to use the same email listed on your abstract to sign into your ZOOM account.
