Fellow, Resident and  
Medical Student Committee

## Ask the Residents: Final Touches on Your ERAS Application

**Tuesday, September 3, 2024  
5:00PM - 6:00PM**

### WHY ATTEND?

As the ERAS submission deadline is approaching, you might still have some burning questions on how best to describe various aspects of your application. Brought to you by the Fellow, Resident, and Medical Student Committee, this webinar will feature panelists who have gone through the ERAS process (some of them even twice) and can answer all your concerns from listing hobbies and highlighting your most meaningful experiences to sending tokens and selecting geographic preferences. This is meant to be an open and informal panel, so please bring any and all questions!

### MODERATORS

**Francesca Giacona**, Medical Student, University of Michigan

**Rubie Villela**, Medical Student, Western Michigan Homer Stryker M.D. School of Medicine

### FELLOW AND RESIDENT PANELISTS

**Namratha Atluri, M.D.**, Resident, University of Michigan
