## Governor's Message

Dear Colleagues,

Welcome to summer!!

The chapter has been busy over the past several months and we wanted to share some of what we have been up to in this newsletter as well as several resources that are available to you as ACP members.

This Newsletter contains information on:

- Highlights from our MI-ACP and MI-SHM Resident and Medical Student Day on May 12th in Troy, MI. Thanks to all our students, residents and faculty who made the day an incredible success—and grateful to Dr. Joel Topf for providing the Keynote “Rise of the MedEd Makers. How Social Media is Remaking Medical Education” and Dr. Patrick Carter who presented on “Firearm Injury Prevention for Physicians”.
- The success our medical student and resident members had in the poster competition and Doctor's Dilemma® at the IM 2023 Meeting in San Diego at the end of April. Congrats to all who participated.
- The great work the team who represented the Chapter did on Leadership Day at the end of May in DC and ACP resources for those who have interest in advocacy. If you have interest in learning more about advocacy, want to get involved, or there are ways I can support you in this work, please send me a note.
- A link to the “Know your Worth! Salary Data and Contract Review Tips” video for those who may be looking at a new opportunity or considering discussions about your current compensation.
- Resources the College offers to members looking for opportunities to meet the DEA requirement of opiate training, materials to support wellness, our upcoming panel hosted by the DEI committee, “Addressing the Leaky Pipeline for Female Leaders in Academic Medicine in Michigan” and vaccination information from the “I Raise the Rates” Campaign.

If there are other resources or things the chapter can do to support you professionally please reach out. I would love to connect and explore ideas.

## 2023 Leadership Day

The Michigan Chapter ACP was well represented at Leadership Day in Washington, D.C. on May 24th. We had productive meetings with our congressional delegation, during which we focused on the Safe Step Act, Medicaid Medicare parity, and the Resident Physician Shortage Reduction Act. We were pleased to have members of various training levels representing our Chapter.
