

Utah Scientific Meeting  
March 12-13, 2026

Utah  
Chapter

# VENDOR PROSPECTUS

Mary Tipton MD FACP

## A PERSONAL NOTE FROM OUR GOVERNOR

The **Utah** Chapter of the **American College of Physicians (ACP)** - the largest internal medicine society in the country - is gearing up for our 2026 Spring Scientific Meeting to take place **March 12-13, 2026** at the **Intermountain Medical Center Campus in Murray, Utah**.

Your participation not only allows us to have an attractive meeting for all of the **175-200 physicians and student physicians** but also makes an impact on the careers of our young doctors, many of whom will compete in an abstract competition for the opportunity to present their scholarly work at the national ACP meeting. These events lay the foundation for them to change the lives of patients potentially for decades to come.

Please consider being a sponsor for this important meeting.

Dr. Mary Tipton [governor@utahacp.com](mailto:governor@utahacp.com)
