Accountability and Liability for AI Tools in Clinical Practice

Harris Carmichael, MD MSHP FACP

Chair, ACP Utah HPPC

Zachary Boyd, PhD

Director, Office of AI Policy, UT Dept of Commerce

*10 Nov 2026 * 1 pm MST * Webinar*

Highlights:

- Clicking ("I agree") does not guarantee patient privacy or legal liability protection.
- AI hallucinations: Who bears legal liability?
- Accountability shifts: literature search to decision support to autonomous action
- "Double-check everything" It sounds safe, but is impractical in clinical practice.
