- Resident and Medical Student Oral Presentations and Poster Presentations
- Resident Doctor's Dilemma

Dear Colleague,

I invite you to join me and our colleagues in internal medicine at the next scientific meeting of the Wisconsin Chapter of the American College of Physicians, being held September 5-6, at the Wilderness Hotel and Glacier Canyon Conference Center. This meeting is not just for ACP members. I particularly want to invite nonmembers to join us for this important clinical update and to learn about the benefits of membership at the same time.

In addition to earning up to 16.5 *AMA PRA Category 1 Credit(s)*[™] and 16.5 MOC Points, by attending this meeting you will:

- Gain insight into recent medical advances.
- Discuss local and national public health issues affecting the practice and teaching of internal medicine.
- Greet old friends, meet new friends, and develop a network of colleagues in your area.

Between scientific sessions, please visit the College information table. You will find information on new ACP programs, products, and services. There's always something new at the College table—stop by and see for yourself.

To ensure your place at this invaluable meeting, complete the registration form at the back of this brochure and send it in today - or register online. The opportunities available at this meeting will help you meet not only your needs as a physician, but also the needs of the patients you serve.

I look forward to seeing you in Wisconsin Dells.

Sincerely,

Ann M. Maguire, MD, MPH, FACP

Governor, Wisconsin Chapter of the American College of Physicians

PRE-MEETING COURSE

Friday, September 5, 2025

8:00am – 12:00pm

**POCUS Proficiency: Advancing Diagnostic Skills in Internal Medicine
(Additional Fee Required)**

*Devin Madenberg, DO, FACP; Sheila Swartz, MD, Workshop Co-Directors;
Paul Bergl, MD, FACP; Andrew Calvin, MD, MPH, FACP, FACC, FASE; Adam
Clements, DO; Leah Cotter, DO; Vikas Koppurapu, MD; Kyle Olson, MD*

Point of care ultrasonography (POCUS) is intended to answer focused clinical questions at the bedside and guide patient management. Over the past several years, it has evolved as a valuable adjunct to physical examination. However, training opportunities in diagnostic POCUS remain sparse at this time, especially for practicing physicians and advanced practice providers. Through this course, we intend to introduce the attendees to some high yield POCUS applications and provide hands-on experience so that they gain confidence to start scanning at their respective institutions. One-on-one mentored hands-on POCUS experiences are the only way to learn both the psychomotor and the cognitive pattern-recognition aspects of ultrasound. The course will be split roughly 50/50 between didactics and hands-on experiences.

ADDITIONAL OPPORTUNITIES

Friday, September 5, 2025

6:00PM - 7:30PM

Storytelling for Advocacy: A Dinner Workshop for Physicians
(Additional Fee Required)

Moderated By: Sophie Kramer, MD, FACP

Discussion Table Leaders: Tammy Benjamin, MD; Rachel Bernard, MD, MPH, FACP; Richard Dart, MD, MACP; Leila Famouri, MD, FACP; Ian Gilson, MD, FACP; Jennifer Mackinnon, MD, MM, FACP; Mara Terras, MD, FACP

Stories are one of the most powerful tools in a physician's skillset—not only in the exam room, but also in the halls of policy and public discourse. This interactive dinner workshop invites us to explore how personal and clinical experiences can be transformed into compelling advocacy narratives. Together, we'll learn how to shape stories for impact, navigate the ethics of sharing patient experiences, and connect scientific evidence to real-world relevance.

Hosted by the ACP-Wisconsin Health and Public Policy Committee, the evening will offer a space for creativity, connection, and skill-building in physician advocacy.

Following the workshop, join us for the ACP-Wisconsin Story Slam. Enjoy dessert and listen as colleagues share original essays and poems from the ACP-WI Narrative Medicine competition

Saturday, September 6, 2025

DONATIONS REQUESTED FOR PAVE (PROTECT, ADVOCATE, VALIDATE, AND EDUCATE)

The winner of this year's ACP-WI Sharon Haase Advancement of Women's Health Award is PAVE; Protect, Advocate, Validate and Educate. PAVE was launched in 1978 with an important mission: empowering those affected by violence. PAVE provides a wide array of services and programs to individuals affected by domestic and sexual violence of all ages, regardless of race, sexual orientation, gender identity or expression, religion, disability, or national origin.

Victims seeking emergency refuge are vulnerable and in a state of crisis. They come to PAVE needing safe housing that provides an environment of healing and empowerment. In 2024, PAVE chose to re-purpose an existing building to better meet the needs of victims and their families. The building was thoughtfully designed with the below goals in mind. [Click here](#) to tour their new facility!

- A safe, secure and sturdy facility that promotes a sense of comfort for all
- A building that promotes a healthy environment for both clients and staff
- A space that allows for healing of trauma and moving on from abuse
- A focus on security to create both physical and emotional safety
- Independence for our clients
- A family centered facility to promote healthy family dynamics
- Helping families with pets safely escape domestic violence together.
- Assist with safe child exchange and supervised visitations.
- Develop a batterers treatment program with the goal of eliminating abusive and controlling behaviors to prevent domestic violence in intimate partner and/or family relationships.

At the 2025 Annual Scientific Meeting at the Wilderness Resort and Glacier Canyon Conference Center, September 5-6, 2025, please consider bring donations of the products below to help assist PAVE's mission. For a full wishlist of possible donations, [visit here](#).

- Visa gift cards
 - Used for 1 month of phone service with their donated cell phones
- Fuel gift cards: Kwik Trip, BP, etc.
- Walmart gift cards
- Walgreens gift cards
- Laundry Detergent
- Dryer Sheets
- Garbage Bags
- Paper Towel
- Toilet Paper
- Ziplocs
- Kleenex
- Postage Stamps
- Plastic Food Containers
- Twin Sheet Sets
- Diapers, size 4 and 5
- Deodorant

Each year PAVE must raise approximately \$55,000 to continue providing services to victims and survivors of domestic and sexual abuse in the Dodge County area. If you would like to help by making a monetary donation, you can do so here.

And spread the word! Share PAVE's website highlighting their donation wish list and resource list to those you know. Word of mouth is the best way to expand their reach. Every person you tell increases the chances that victims will learn and know about their services.
