

Get to Know DynaMedex®!

DynaMedex delivers easy access to the information busy clinicians need—when and where they need it.

The DynaMedex Difference means trust in evidence and confidence in practice to make the best, most informed care decisions.

- **Confidence:** Robust coverage of 300+ internal medicine topics, daily content updates, and customizable alerts including those that are potentially practice changing
- **Fast access:** Surface information and tools with powerful search technology that speeds time from question to answer
- **Trust:** Unbiased clinical content and practice recommendations subject to a rigorous Conflict-of-Interest Policy
- **Transparency:** Notes included when recommendations are based on evidence, published guidelines, or when necessary, expert opinion, with one-click access to full-text resources

The DynaMedex Difference means the depth and breadth of content you expect from a powerful, evidence-based, clinical decision support solution.

- Comprehensive, trusted adult, pediatric, and neonatal drug information from **Micromedex®**
- Tools for drug interactions and IV compatibility from **Micromedex®**
- The Integrated **Differential Diagnosis** tool to help improve diagnosis quality, leading to more cost-effective care
- **DynaMed Decisions** for advanced clinical decision support, patient engagement, and shared decision making

The DynaMedex Difference means a superior user experience.

- Single Sign-On (SSO) access for enhanced workflow efficiency
- A free mobile app
- Streamlined CME and MOC management
