

Guidelines International Network Standards for Clinical Practice Guidelines

Title of the Guideline	Pharmacologic Treatments of Acute Episodic Migraine Headache in Outpatient Settings: A Clinical Guideline from the American College of Physicians
Name of the Developing Organisation	American College of Physicians
Publication Date	March 18, 2025

Effective August 2013, G-I-N is requesting voluntary reporting on the G-I-N Guideline Standards¹ when a guideline is submitted for inclusion in the G-I-N Library.

Is your organisation willing to complete the form to provide information to a reader about your guideline?

YES ☒

NO ☐

If Yes, please complete the checklist on the next page.

G-I-N Standards & Description¹	Standard Achieved?	If Yes, Page number(s)/document where the information is available
<u>Composition of Guideline Development Group</u> Guideline development panel includes diverse and relevant stakeholders, such as health professionals, methodologists, experts on a topic, and patients.	X YES <input type="checkbox"/> NO <input type="checkbox"/> Somewhat	See Appendix: Committee Composition and Stakeholder Involvement. See ACP guidelines and guidance statements methods paper (citation under additional comments)
<u>Decision-making Process</u> Guideline describes the process used to reach consensus among the panel members and, if applicable, approval by the sponsoring organisation. This process was established before the start of guideline development.	X YES <input type="checkbox"/> NO <input type="checkbox"/> Somewhat	See ACP guidelines and guidance statements methods paper (citation under additional comments)
<u>Conflicts of Interest (disclosure)</u> Guideline includes disclosure of the financial and nonfinancial conflicts of interest for members of the guideline development group.	X YES <input type="checkbox"/> NO <input type="checkbox"/> Somewhat	See Disclosures section in the article See ACP disclosures of interests and management of conflicts of interest methods paper (citation under additional comments)
<u>Conflicts of Interest (resolution)</u> Guideline describes how any identified conflicts were recorded and resolved.	X YES <input type="checkbox"/> NO <input type="checkbox"/> Somewhat	See Disclosures section in the article See ACP disclosures of interests and management of conflicts of interest methods paper (citation under additional comments)

G-I-N Standards & Description¹	Standard Achieved?	If Yes, page number(s)/document where the information is available
<u>Scope of a Guideline</u> Guideline specifies its objective(s) and scope.	X YES <input type="checkbox"/> NO <input type="checkbox"/> Somewhat	See <i>Purpose and Scope</i> section in the article
<u>Methods</u> Guideline clearly describes the methods used for the guideline development in detail.	X YES <input type="checkbox"/> NO <input type="checkbox"/> Somewhat	See <i>Clinical Guideline Development Process</i> section in the article See <i>Appendix: Detailed Methods of the Systematic Review and Guideline</i> See ACP guidelines and guidance statements methods paper (citation under additional comments)
<u>Evidence Reviews</u> Guideline uses systematic evidence review methods to identify and evaluate evidence related to the guideline topic.	X YES <input type="checkbox"/> NO <input type="checkbox"/> Somewhat	See <i>Systematic Review of Benefits and Harms and Summary of the Evidence</i> section in the article See <i>Appendix: Systematic Review on Benefits and Harms</i>
<u>Guideline Recommendations</u> Guideline recommendation clearly stated and based on scientific evidence of benefits; harms; and, if possible, costs.	X YES <input type="checkbox"/> NO <input type="checkbox"/> Somewhat	See <i>Recommendations and Rationale</i> sections in the article See ACP guidelines and guidance statements

		methods paper (citation under additional comments)
<u>Rating of Evidence</u> Guideline uses a rating system to communicate the quality and reliability of the evidence.	X YES <input type="checkbox"/> NO <input type="checkbox"/> Somewhat	See <i>Clinical Guideline Development Process</i> section and Figure 2 in the article See ACP guidelines and guidance statements methods paper (citation under additional comments)
G-I-N Standards & Description¹	Standard Achieved?	If Yes, page number(s)/document where the information is available
<u>Rating of Recommendations</u> Guideline uses a rating system to communicate the quality and reliability of the strength of its recommendations.	X YES <input type="checkbox"/> NO <input type="checkbox"/> Somewhat	See Figure 2 and <i>Recommendations</i> section in the article See Appendix Table 2 See ACP guidelines and guidance statements methods paper (citation under additional comments)
<u>Peer Review and Stakeholder Consultations</u> Review by external stakeholders conducted before guideline publication.	X YES <input type="checkbox"/> NO <input type="checkbox"/> Somewhat	See <i>Appendix: Peer Review</i>
<u>Guideline Expiration and Updating</u> Guideline includes an expiry date and/or describes the process that the guideline groups will use to update recommendations.	X YES <input type="checkbox"/> NO <input type="checkbox"/> Somewhat	See <i>Appendix: Guideline Expiration or Living Guideline Process</i>

<p>Financial Support and Sponsoring Organisation</p> <p>Guideline discloses financial support for the development of both the evidence review as well as the guideline recommendations.</p>	<p>X YES <input type="checkbox"/> NO <input type="checkbox"/> Somewhat</p>	<p>See <i>Financial Support</i> section in the article</p>
