DIRECTIONS

Applicants in the United States should use the domestic Membership application, accessible at www.acponline.org/join.

1. Materials To Be Submitted

- The application form. The information provided *must* be accurate, complete and *signed*.
- Applicants who are not board certified and reside outside of an ACP chapter must include a sponsoring letter or Membership Sponsoring Form, found at www.acponline.org/intjoin or from a current ACP Fellow or Master.
- Applicants certified by boards other than ABIM *must* provide proof of certification.
- Dues payment. (See dues rates below.)

The application form and supporting documentation, along with dues payment, should be sent to ACP, Member Credentialing, 190 N. Independence Mall West, Philadelphia, PA 19106-1572 USA.

Notification of election is approximately four to six weeks after the application has been approved.

If a Membership application does not fulfill requirements, the ACP Governor and/or the Credentials Committee may request additional information. Applicants not elected within six months of submission must submit a new application and supporting documentation.

2. National and Chapter Membership

Membership in the national ACP includes membership in the local chapter, if applicable, based on the member's preferred mailing address. Members can contact Member Credentialing (contact information below) to request an alternative chapter assignment.

ACP members are offered the exclusive benefit of access to "Member Connection." This is an online directory of ACP members (unless they asked not to be included) that is accessible to members only via **www.acponline.org**. Members who wish to be excluded from Member Connection should submit the exclusion form found at **www.acponline.org/exclusionform**.

3. ACP Ethics Statement

ACP members are expected to uphold the ethics of medicine as exemplified by the standards and traditions of ACP, including those in the *Ethics Manual* (www.acponline.org/ethicsmanual). A booklet version can be ordered through Member and Customer Service. Members should be familiar with the College's current Procedures for Addressing Ethical Complaints Against College Physician Members (www.acponline.org/complaintsprocedures). The staff of ACP's Center for Ethics and Professionalism is available as a resource for questions concerning ethics.

4. Membership Dues

A dues payment must be submitted with your application. Please include a full year's dues payment (see chart below). A credit of the unused portion will be applied to your next year's dues.

International Dues Rates (July 1, 2016–June 30, 2017)				
Membership Options	Dues Rate			
Membership with print publications*	\$315			
Membership with online-only access to publications	\$230/\$160/\$110**			

^{*}Canadian residents should include the appropriate GST/HST tax if choosing the print publications option.

If you prefer, you may remit a prorated dues amount based on the month you are applying. For information on prorated dues amounts, please contact Member Credentialing (contact information below) or visit our Web site at **www.acponline.org/dues**.

Resident/Fellow Members who have successfully completed an approved training program and whose dues are current should contact Member Credentialing (contact information below) about automatic election to Membership.

All ACP dues are subject to change annually. Chapter dues are waived for newly elected members. Upon membership renewal, annual dues will include fees to support both the national ACP and your local chapter, if applicable. For the renewal dues rate in your chapter, please visit **www.acponline.org/dues**.

Applicants not elected may obtain a full refund or credit. Member discounts are not valid on previously purchased items. Membership benefits will begin once the dues payment has been processed.
