

The ACP national office will conduct an election for a full term Governor in September 2017 since our chapter has met the requirements for a permanent chapter. The chapter's Local Nominations Committee (LNC) will be responsible for identifying two candidates willing and able to lead our chapter.

Think of the internists you know with integrity, strong leadership skills, commitment to the College, and dedication to our chapter and the medical community. A Governor must be an ACP Master or Fellow and could be a practicing physician or an academician and US or internationally trained. The successful candidate will work with our members locally, and with other leaders in internal medicine at the national level. Our next Governor could be you, or someone you know. He or she could spend several hours a week on College business, but there is staff support available. Serving as an ACP Governor is a rewarding and life changing experience.

Please send names of possible candidates, along with their email address and/or phone number, to the Chair of the Local Nominations Committee listed below.
