 - **OCTOBER 15-18, 2020**

Thank You

FROM YOUR GOVERNOR:

Summer Greetings to our ACP Michigan Chapter Members:

Thank you for all of your help and devotion to the people of Michigan. Many of you are not just seeing patients but helping in administrative reforms and advising health care leaders in fast moving changes related to COVID 19. What a new time we live in now as we flutter open our state balancing the risks and benefits of connecting physically with others.

ACP is working nonstop also at many levels including a national effort to get more support from CMS to primary care practices where small businesses are struggling.

ACP published a statement June 3, 2020 condemning racism, discrimination, and violence by public authorities and others. This is important for all physicians as we seek to be nonjudgmental in our care of all patients.

Please keep in mind any new ideas you have for resolutions that help physicians care for patients in this time of COVID. ACP is asking for new ideas that will serve all of us who help others through this pandemic. Any ideas you wish to share please email us and our Health and Public Policy committee is willing to take that idea and share it with ACP National. Jayne Courts, MD, FACP, Chairs our Committee and is always open to new suggestions.

Our Nominations Committee Chaired by Sandor Shoichet, MD, FACP, is busy and moving forward towards our election this November for our next Governor, so stay tuned.

Our October Chapter meeting will be Virtual this year instead of in person at Traverse City but we hope to bring you an exciting new format that will fit into your schedule and you can find something new to enjoy as we mold our agenda into a newly paced virtual format.

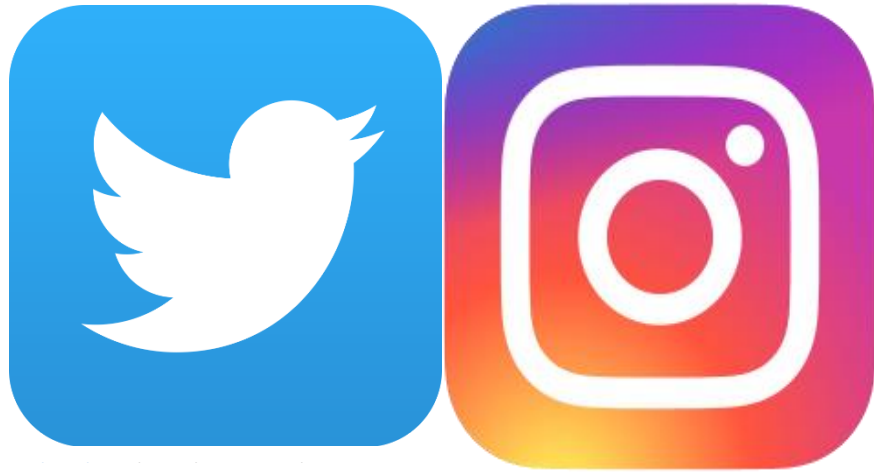

I wish a happy, peaceful summer to all of you and I hope you find time to enjoy yourself, your family and friends. Stay safe. Stay Well

Martha Gray

Governor, Michigan Chapter, American College of Physicians

NEWS YOU CAN USE

FROM NATIONAL ACP:

ACP has developed the following educational content that is freely available to the healthcare community as a public service of ACP in response to the Coronavirus outbreak.

Webinar Recording Available: Innovations in the Care of Outpatients with COVID-19

Moderated by Heather E. Gantzer, MD, FACP, Chair of ACP's Board of Regents, this webinar explored innovative approaches in care delivery to COVID-19 outpatients, including how to address health disparities and the challenges related to the diverse presentations of the disease.

Kristen Kopski MD, PhD, and Margaret Doose, MD, of HealthPartners Minnesota, reviewed that system's response to the COVID-19 pandemic, including a discussion of transitions of care best practices as well as how to develop a better understanding of this patient population. Following, Christopher Kellner, MD, and David Putrino, PhD, of the Mount Sinai Health System, New York, discussed innovations in remote patient monitoring and how to apply these technologies to patients with COVID-19.

ACP continues to develop and frequently update tools and resources to assist ACP members during the COVID-19 pandemic. Visit ACP's COVID-19 Resource Hub for the latest information.

To claim CME credit for this watching recording, please go to: www.acponline.org/leadership-academy-cme

The American College of Physicians (ACP) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The ACP designates this other activity (blended) for a maximum of 1 *AMA PRA Category 1 Credit(s)*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
