

Dear Colleagues,

As my term as your Governor comes to an end, I wish to thank each and everyone of you for the support that you have given me the past 4 1/2 years. It has been my honor and privilege to serve in this role. I am confident that you will give the same if not a greater level of support to Tavo Heudebert as he assumes the position of Governor of of the Alabama Chapter.

On reflecting back, I have certainly gained more than I have given from this experience. What I have come to appreciate most is what the College does on a regular basis for all of the members - general internists, sub-specialists, hospitalists, residents, and students . If one considers what has been accomplished by the efforts of the leadership of ACP in rectifying some of the more onerous aspects of the Maintenance of Certification(MOC) process , then that issue alone justifies your continued active participation in ACP. I would urge that you continue to be an active (*dues paying*) member of ACP and that you reach out to colleagues to join or renew their membership. Together, the challenges of the future in the delivery of health care can be overcome.

Thanks again & best wishes to all of you for continued joy in your personal and professional careers

Geaux Tigers !
