Dear Colleague,

Join me and your colleagues in internal medicine at the next scientific meeting of the Arizona Chapter of the American College of Physicians, being held on November 13–15, 2015, at the DoubleTree Hilton Tucson-Reid Park.

This is a place for you to recharge, rewind, reflect, and reconnect with your peers, chapter leaders, and speakers. Make your connection to the Arizona Chapter's rich source of knowledge and networking by attending our premier meeting for general internists, subspecialty internists, hospitalists, allied health practitioners, residents, and medical students.

In addition to earning CME credits, this conference is about making personal connections and getting involved in your chapter. You'll engage with people who know your challenges and can help you find solutions. The opportunities available at this meeting will help you meet not only your needs as a physician, but also the needs of the patients you serve.

To ensure your place at this invaluable meeting, register now by visiting us online at [www.acponline.org/about\\_acp/chapters](http://www.acponline.org/about_acp/chapters).

I look forward to seeing you in Tucson.

Sincerely,

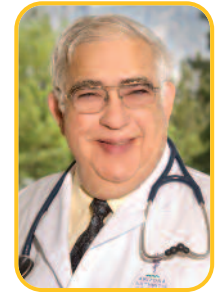

**Robert M. Aaronson, MD, FACP**  
**ACP Governor, Arizona Chapter**

# Meeting Highlights

Dear Colleague,

I join with the program planning committee and Governor Aaronson, to welcome you to the Centennial Celebration of the ACP and this meeting of the Arizona chapter! Your planning committee has put together a superb program with outstanding leaders in our field, all to address current issues and controversies in Internal Medicine.

The controversies emphasis has been designed to focus on issues that we are faced with on a daily basis where there are not well-constructed guidelines, and to discuss these issues in a helpful way. We will also address the State of Medicine in Arizona, in educational programs, and National and International aspects of our practice. Of course, we also provide state-of-the-art reviews of several areas of interest, the efficient practice of Internal Medicine, our trainee's posters and the exciting intellectual Doctor's Dilemma competition.

We have worked energetically to make this program in its entirety of great interest and practical value. Again, we welcome you and encourage you to pay tribute to the 100 years of the American College of Physicians meeting the needs of all internists.

Sincerely

**Eric P. Gall, MD, MACP**  
**2015 Program Chair**
