Dear ACP Members,

As we enter March, it is almost a year that Governor Ducey declared a state emergency. Our state, our country and our membership have been through a roller coaster – with surges, vaccination drives and advocacy.

I hope that you have all either received the COVID-19 vaccine or are planning to. We are working with the Dr. Sairam Parthasarathy who is leading the CEAL alliance effort to reducing health care disparities in vaccination to launch an educational program and work with our physicians and residents to promote equity in vaccination. If you would like to participate in this effort, please contact us.

On a personal note, I wanted to share the great bubble of happiness that I felt as we vaccinated adult seniors who did not have access to the vaccine-- our team at HonorHealth went to adult day care centers to vaccinate the seniors.
Well Being Committee

A big shout out to our Well Being work group who are launching an effort to reduce our isolation. Our first virtual program is March 14 and an invitation will appear in your inbox very soon. Please join us for coffee or a mimosa!

Congratulations!

Join me in welcoming our newest FACP fellows!
