Dear Colleague,

The American College of Physicians and the Brazil Chapter would like to recognize the following members for strengthening our chapter by recruiting new Members to the College:

- Mauro Geller, MD, FACP
- Henrique Grunspun, MD, FACP

We encourage all of our chapter members to recommend ACP Membership through ACP's Recruit-a-Colleague Chapters Program. As you know, the College offers valuable membership benefits and services that enable us to stay at the forefront of our profession while uniting us with the worldwide internal medicine community.

Your colleagues can apply for Membership easily online at [www.acponline.org/racc](http://www.acponline.org/racc). If they enter your name on the recruiter line using this application, you will receive credit toward your 2013-2014 dues and have a chance to win a trip to Internal Medicine 2014 -- and our chapter will be recognized for your efforts with rewards. Just ask your colleagues to include your name on the recruiter line when you send them the above link.

I hope you will strengthen our chapter by recommending ACP Membership today.

Sincerely,

Auro del Giglio, MD, FACP
ACP Governor, Brazil Chapter
