Caros colegas:

Segue em anexo tabela com informação sobre o perfil dos membros nos últimos cinco anos, com especial ênfase nos anos de 2013-2014.

Conto com sugestões, ideias e comentários que possam contribuir para o contínuo desenvolvimento e crescimento do nosso capítulo.

Atualmente a categoria de estudantes requer maior atenção, com isso conto com o suporte de nossos membros em incentivar esse grupo ao membership do capítulo brasileiro do American College of Physicians.

Uma grande oportunidade para os estudantes conhecer os benefícios do ACP será o 1º Encontro para Estudantes de Medicina do ACP Brazil Chapter no dia 16/08/2014 (inscrições pelo e-mail: acpbrazilchapter@gmail.com).

Agradeço a dedicação de nossos membros para o fortalecimento e melhoria contínua do nosso capítulo.

Henrique Grunspun

Brazil Chapter Governor
### Brazil

**Resultado Membership 2013-14**

Governor: Henrique Grunspun

*Since July 2013

**Notes:**

Delinquent Dues Drops occur in February.

The drop of terminated Resident/Fellow and Medical Students is reflected in the October numbers.

Auto elections occur July 1.

Affiliate membership class was added in December 2004.

The Physician Affiliate membership class was added in 2012.

Physician Affiliate membership class was added in November 2012.
Dear Dr. Grunspun,

Attached is a membership spreadsheet which outlines changes in your membership over the past five years, with particular emphasis on the quarterly changes within the 2013-2014 fiscal year (July 1, 2013-June 30, 2014).

As you will see, the Brazil Chapter membership went down by .54% since July 2013. The most significant decline is with your medical student members.

You may want to re-energize a Membership Committee to help with local recruitment projects. For some ideas and templates for local initiatives, visit the Recruitment and Retention section of LeaderNet. We realize there are a lot of challenges in terms of recruitment, so please know we can also help you develop customized recruitment plan for your chapter. I can also send you some Evergreen vignettes with ideas you could possibly adapt to help increase the membership. I know your Chapter is already working on special recruitment measures for medical students.

Your chapter membership increased in all other categories which is something to really be proud of!

If you have any questions, please let me know. As always, thank you for all the hard work you do on behalf of the College!

Sincerely,
Monica

PS: Keep in mind that these membership counts reflect the overall membership fluctuations within your region each quarter. This includes newly elected members to each member class and members who moved into your region from another chapter, and it also accounts for anyone who moved out of your region, as well as members who resigned or passed away.
