Governor's Message

Dr. Catherine Moltzan
BMS, MD, MS,
FRCPC, FACP

It is my pleasure to represent you as the ACP governor for the Manitoba/Saskatchewan Chapter. I am a hematologist based in Winnipeg, and I have particular interests in medical education and quality/patient safety.

I hope that you are all managing well in these challenging times of COVID. We are all learning innovative methods to deliver safe quality medical care. ACP has a number of resources available to you to help including resources specific to COVID 19 and resources related to physician wellness. Some of the links are provided below and I encourage you to take a look at the resources that ACP has to offer.

You will receive a separate email encouraging you to provide feedback on the ACP Board of Governor's resolutions. The ones most pertinent to Canadian practice will be highlighted on that email and I encourage you to provide feedback on these resolutions as I represent your views at the upcoming ACP Board of Governor's virtual meeting.

You are also likely aware that the fall Rocky Mountain Internal Medicine meeting has been converted to a virtual

format on Nov 19 and 20, 2020. I encourage you to participate in the meeting, which is at no cost to you. The program includes a wide variety of topics and speakers in an accessible format and this will serve as our annual chapter meeting.

Finally, I would like to encourage you to get involved in your chapter. We need to think outside the box in order to continue to deliver education programs and provide ongoing support for each other in a meaningful way.

- Catherine Moltzan

ACP RESOURCES FOR MEMBERS

- <https://www.acponline.org/cme-moc/online-learning-center/covid-19-an-acp-physicians-guide-resources>
- [Update your Knowledge with MKSAP 18 Q&A](#) A 54-year-old man is evaluated for a 6-month history of right shoulder pain. He describes the pain as moderately severe aching that is diffusely localized over the shoulder without radiation to the arm. [Read more and guess the answer...](#)
- [ACP Journal Club](#) - a summary of the best new evidence for internal medicine from over 120 clinical journals.
- [DynaMed®](#)
- [ACP JournalWise](#) – searches and filters the most recent articles from the top 120 medical journals.
- [ACP Clinical Guidelines](#)
- [Annals of Internal Medicine](#)
