Colorado ACP Members,

Please see the notice below about the rapidly approaching deadline for the opportunity for primary practices to apply for the SIM grant funding.

Christie Reimer, MD FACP
Governor, Colorado Chapter American College of Physicians.

Good afternoon!

As many of you may already know, the SIM Practice RFA was released on 09/15/15. The RFA will remain open until 10/26/15. The RFA as well as that actual online application can both be found on the new UC Denver Practice Transformation website: www.ucdenver.edu/practicetransformation.

This Practice RFA is specifically for primary care practices interested in participating in the first SIM cohort scheduled to kick-off February 1, 2016. For more information on the SIM Practice RFA process please see the attached ‘SIM Practice RFA Overview’ document.

In order to provide those interested with an opportunity to ask questions relating to the RFA multiple webinars will be held over the next six weeks- all proposed to cover the same basic information about the SIM Practice RFA purpose and application process. See the attached flyer for more information and you can also register for any of the three webinars directly through this link as well: SIM Practice RFA Webinar Registration.

For more information please contact: simpracticeinfo@ucdenver.edu or call 303.724.8968

Thank you for your interest in helping to make Colorado the healthiest state in the nation and to, “Improve the health of Coloradans by providing access to integrated physical and behavioral health care services in coordinated systems, with value-based payment structures, for 80% of Colorado residents by 2019."

Allyson Gottsman
