

The Immunization Coalition of Delaware committee has very useful information for practicing physicians, immunization providers regarding the realm of adult immunization in Delaware. This information includes both State and public health links. The link to their website is:

<http://www.immunizedelaware.org/> .

We also will keep this link posted on our ACP website (<https://www.acponline.org/about-acp/chapters-regions/united-states/delaware-chapter>) under the "Local Links and Resources" page.
