ACP is making available to its members a survey sponsored by the Delaware Cancer Consortium. The focus of the survey is to understand current practices when cancer survivors are transitioned from oncology follow-up care back to their primary care physician. Your participation is voluntary and responses are anonymous and will not be linked to your identity or email address. To participate in this 8 minute web survey, please use the following link: http://bit.ly/16Z3maQ.

Thank you in advance for your participation. If you have any questions, you may call Dr. Edward Sobel at 302-478-3600, ext. 112.
