

The ACP Delaware Chapter is happy to announce the 2018 winners of the Bakshi Scholarship for Global Health. Each year, the Chapter extends funds to our resident members who are embarking on a rotation related to global health.

Our winners are **Drs. Sushant Kapoor and Brian Perry.**

Drs. Perry and Kapoor will be traveling to Trujillo, Peru. They will be providing health to the local community through rotations in 2 Peruvian government health care systems. They hope to see between 60-100 patients daily and provide services to them that affect their day to day living. In addition they will strengthen their medical Spanish through language classes, and will live with homestay Peruvian families, hence experiencing both language and cultural immersion.

We plan to bring their stories and learnings to the entire DE ACP membership after their return.

Please join me in congratulating them and wish them Bon Voyage!

Tabassum Salam MD FACP
Governor, ACP DE Chapter
