"No person was ever honoured for what he received. Honour has been the reward for what he gave."

-Calvin Coolidge

Community Based Teaching Awards

The Community Based Teaching Award recognizes those physicians located throughout the medical community who volunteer their time, practice, and knowledge to help prepare our medical students and residents for their future in medicine. The time spent with these special mentors provides excellent role modeling for students and residents as they begin to build the foundation of care and service they will provide to their future patients.
