The ACP designates this internet activity for a maximum 1 *AMA PRA Category 1 Credit(s)*TM per each Webinar.

Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Successful completion of all four CME Webinars, which includes participation in a quiz and survey, enables the participant to earn up to 4 MOC points.

Beth Neuhalfen, BS-CHC,

Denver Health Hospital Authority- QI and Neighborhood

Faculty for American College of Physicians

Carol Greenlee, MD, FACP,

Western Slope Endocrinology,

Chairman ACP Council of Subspecialty Societies (CSS)

At the completion of the webinar participants will be able to:

1. Recognize how improving the referral process can improve access to care and reduce fragmentation of care for patients while reducing chaos and disruptions for the care team.
2. Identify critical elements for a high value referral request, referral response and referral triage and tracking
3. Recognize practical steps to creating a more patient-centered referral process
4. Describe and establish internal practice and collaborative processes that support and enable a high value referral process
