

2021 Legislative Priorities

1. Support legislation on Tobacco & Tobacco Vaping to take Georgia Tobacco Tax to the national average
2. Support Legislation Network Adequacy to assure access to care for patients
3. Support legislation to reduce the administrative burdens of Prior authorizations impacting patients and physicians
4. Continue advocacy for the state of Georgia to provide greater access to care with increased Medicaid coverage
 - Leverage state funds to increase access to care for an increased number of Georgians
 - Leverage state funds to increase access to care with increased parity with Medicare reimbursement to physicians
5. Continue to monitor legislation to assure patients have access to safe, patient-centered, high-quality care. Advocate against allowing APRNs to practice independently without physician supervision.
6. To preserve the health and lives of Georgians, support the equitable promulgation and distribution of population education, safety measures, treatment options and preventive interventions relative to the current COVID pandemic.
