**Physician well-being and professional satisfaction**
American College of Physicians
The Georgia Chapter American College of Physicians is concerned about the health of internists. There is a new chapter Physician Wellness Committee chaired by Amy Eubanks, MD, FACP. We want to share these ACP resources for physician well-being and professional satisfaction. READ MORE

**House Bill 44 primary care rate increase and additional provisions**
American College of Physicians
Dear Providers: Beginning July 1, 2015, the Department implemented a series of rate increases for physicians with a primary specialty designation of family medicine, pediatric medicine or internal medicine as if the requirements of 42 C.F.R. § 447.00 remained in effect. Effective March 1, 2018, the Department of Community Health implemented additional provisions for those providers who previously attested, but failed to attest at all locations, moved to a new practice or closed an office. For questions, contact the DCH Provider Call Center at 1-800-766-4456. READ MORE
